MGH Patient Navigation Program

Compassionate
Guidance for
Breast Cancer
Patients

Approved by The
Joint Commission

Karry Trout, RT(R)(M) is a Registered Radiologic Technologist and Certified Mammographer at MGH. Karry can personally identify with people dealing with cancer through the Hospital's Patient Navigation Program.

MGH's Patient Navigation Program

A breast cancer diagnosis can be overwhelming. Patients at Mason General Hospital do not have to go through this experience alone. Since April 2010, Karry Trout, RT(R)(M) has taken on the position of Patient Navigator, providing breast cancer patients with assistance that includes connecting these women to both medical and community resources, as well as to other breast cancer survivors.

A Patient Navigator is a medical professional dedicated to guiding cancer patients and their caregivers through the medical maze of diagnostic and treatment options, as well as removing obstacles to proper care.

To reach Karry Trout, call (360) 432-7706 or email kt trout@MasonGeneral.com.

Survivors & Caregivers Tell Their "Digital" Stories

Learn about these women and their stories on our website at www.MasonGeneral.com

Patient Heather Williams and Karry Trout, RT(R)(M).

Need financial assistance with your breast cancer diagnosis & treatment?

Funding is available for uninsured and underinsured women. If you need help, please contact Karry Trout at (360) 432-7706. You can learn about the Karen Hilburn Breast and Cervical Cancer Fund by visiting www.MasonGeneral.com.
