Discounts

Clinics

North Mason Medical Clinic and Oakland Bay Pediatrics allows a 10% discount if payment is made at the time of service and no billing is required to any insurance.

Hospital

If you are a self-pay account and pay your balance within 30 days of the bill date you can receive a 25% discount on the total amount of the bill at Mason General Hospital. This is only if we do not bill any insurance. The request form for the discount is included with your UB-92 form that is sent to every self-pay patient.

If you own a home in Mason County you are eligible for a once-a-year tax adjustment with a yearly maximum of \$250. In order to qualify, you need to complete the Tax Adjustment Request Form and provide a copy of your Mason County Real Property Tax Statement. Only one adjustment will be applied per year within 90 days from the date the service was billed, or 90 days from date other insurance paid their full amount. Past due accounts or accounts in collection are excluded. Applications can be picked up at the Mason General Admitting desk or at the Patient Accounts office.

1. Apply at DSHS and be approved or denied medical coverage
2. Complete the Uncompensated Care application
3. Provide proof of income so that we can verify household income for the previous 12 month period

After all the criteria have been met, a determination will be made based on the income information. You may qualify for a discount up to a 100% on your bill. Applications can be picked up at the Mason General Admitting desk at MGH or at the Patient Accounts office (Gateway Center).
